Cat people are among the easiest group to shop for. All you really have to do is find some comfy cat pajamas or another similar cat-themed gift, and they'll likely be smitten as a kitten. But if you've been there, done that and you're looking for more thoughtful gifts for cat lovers, it takes a little more digging.

Here are 16 gifts for cat owners that run the gamut from slightly cheesy to ultra useful. But one thing they all have in common? They're purr-fect for anyone on your list.

### Plants That Are Totally Pet-Safe

#### The Pet-Friendly Bundle

Plants make a great gift and they're a quick way to brighten up any space, but cat lovers know they can be a fast track to disaster if you pick the wrong one. Fortunately, The Sill makes things easy with The Pet-Friendly Bundle—a plant duo that pairs a Parlor Palm with a Peperomia obtusifolia, or baby rubber plant—two non-toxic plants that are easy to take care of.

## **A Laptop That Kitty's Allowed To Sit On**

### **Laptop Cat Scratching Pad**

---

\$35

Keeping a cat off of a laptop is the ultimate struggle. With this Laptop Cat Scratching Pad, Kitty can finally have his own. ---

## **A Cat Tower That Doubles As Modern Decor**

---

### **Multilevel Cat Climbing Tower**

---

\$399

This might be more of a gift for the cat rather than the cat lover, but since towers are a must, you might as well gift one that blends into the decor, rather than taking away from it. This five-tiered cat tower has a modern design with four felt-lined flat surfaces and one cubby that provides the perfect place for resting after a day of climbing.

## **A Way To Keep The House (Kinda) Clean**

---

### **Bissell Pet Stain Eraser PowerBrush**

When that happens, this Bissell Pet Stain Eraser Powerbrush makes it easy for your cat-loving friend to clean things up. The portable cleaner has a rotating brush that pulls out recent pet stains, and the ones that have been there for a while, with the touch of a button.

---

## **The Gift Of Cleaner Air**

---

### **Molekule Air**

---

Clean air is hard to come by with a feline (or two or three) running around the house, but the Molekule Air can help freshen things up. It utilizes a proprietary technology called Photo Electrochemical Oxidation (PECO), which is a fancy way of saying that it does an excellent job of filtering out larger particles like cat hair and dander, as well as micro-fibers, like allergy-producing proteins.
