Glenda C.

November 25, 2024

I remember when Charlie was little and trying to hide Christmas presents so Charlie wouldn't find them. I was luckier than most people because I could use my sister's Garage or the extra bedroom at his Grandmothers. You may not have those options and plan on purchasing a #bike for your child. You should check out our latest addition to our Christmas Gift Guide 24: [Hide-A-Bike with Sun & Ski Sports](#).

Is Santa's workshop getting full? Want to keep that bike a surprise? If so, we have a solution! Simply purchase any bike in-store or [online](#) and we'll take care of the rest. With our Hide a Bike Program, our elves will keep it tucked away for safekeeping until Christmas Eve.

If you purchase a bike online and select FREE ship-to-store for pickup, our store associates will call you to confirm when your bike has arrived. Let them know you would like the bike(s) parked for our Hide A Bike program.

Make someone's Christmas morning and #HideABike today!
